

(e) *Use of Associates to manage Portfolio Concerns.* To protect your investment, you may designate an Associate to serve as an officer, director, or other participant in the management of a Small Business. You must identify any such Associate in your records available for SBA's review under § 107.600. Without SBA's prior written approval, the Associate must not:

(1) Have any other direct or indirect financial interest in the Portfolio Concern that exceeds, or has the potential to exceed, 5 percent of the Portfolio Concern's equity.

(2) Have served for more than 30 days as an officer, director or other participant in the management of the Portfolio Concern before you provided Financing.

(3) Receive any income or anything of value from the Portfolio Concern unless it is for your benefit, with the exception of director's fees, expenses, and distributions based upon the Associate's ownership interest in the Concern.

(f) *1940 and 1980 Act Companies: SEC exemptions.* If you are a 1940 or 1980 Act Company and you receive an exemption from the Securities and Exchange Commission for a transaction described in this § 107.730, you need not obtain SBA's approval of the transaction. However, you must promptly notify SBA of the transaction and satisfy the public notice requirements in paragraph (g) of this section.

(g) *Public notice.* Before SBA grants an exemption under this § 107.730, you must publish notice of the transaction in a newspaper of general circulation in the locality most directly affected by the transaction, and furnish a certified copy to SBA within 10 days of publication. SBA will publish a similar notice in the FEDERAL REGISTER.

#### **§ 107.740 Portfolio diversification ("overline" limitation).**

(a) *General rule.* This § 107.740 applies if you have outstanding Leverage or intend to issue Leverage in the future. Without SBA's prior written approval, you may provide Financing or a Commitment to a Small Business only if

the resulting amount of your aggregate outstanding Financings and Commitments to such Small Business and its Affiliates does not exceed:

(1) For a Section 301(c) Licensee, 20 percent of the sum of:

(i) Your Regulatory Capital as of the date of the Financing or Commitment; plus

(ii) Any Distribution(s) you made under § 107.1570(b), during the five years preceding the date of the Financing or Commitment, which reduced your Regulatory Capital; plus

(iii) Any Distribution(s) you made under § 107.585, during the five years preceding the date of the Financing or Commitment, which reduced your Regulatory Capital by no more than two percent or which SBA approves for inclusion in the sum determined in this paragraph (a)(1).

(2) For a Section 301(d) Licensee, 30 percent of a sum determined in the manner set forth in paragraph (a)(1)(i) through (iii) of this section.

(b) *Outstanding Financings.* For the purposes of paragraph (a) of this section, you must measure each outstanding Financing at its current cost plus any amount of the Financing that was previously written off.

(c) *Adjustment to Regulatory Capital.* For the purposes of paragraph (a) of this section, you may compute a higher maximum permitted investment in a Small Business (an "increased limit") by adding "net unrealized gains" on Publicly Traded and Marketable securities to your Regulatory Capital, subject to the following conditions:

(1) "Net unrealized gains" on Publicly Traded and Marketable securities means unrealized gains on Publicly Traded and Marketable securities minus unrealized losses on *all* Loans and Investments.

(2) You must value your Publicly Traded and Marketable securities in accordance with your SBA-approved valuation policy.

(3) You must have positive Retained Earnings Available for Distribution at the time you compute an increased limit under this paragraph (c).

(4) At the time you first compute an increased limit, and as of the first business day of each calendar quarter that the increased limit is in effect, you

must keep copies in your files of the NASDAQ listings (or the Wall Street Journal) or written quotations from the market makers quoting the Publicly Traded and Marketable securities which support the adjustment.

(5) If your net unrealized gains on Publicly Traded and Marketable securities are more than 30 percent below their original level on the first business day of any calendar quarter, and remain so for the next 30 days, you agree to do one of the following to remain in compliance with the terms of your Leverage:

(i) By the first day of the next calendar quarter, increase your Regulatory Capital sufficiently to restore support for the increased limit; or

(ii) Lower the increased limit to reflect the decrease in net unrealized gains on Publicly Traded and Marketable securities, and reduce any Financings that exceed the lower limit.

*Example to paragraph (c) of this section.* Your Regulatory Capital is \$2,500,000 and your overline limit is \$500,000 (20 percent of \$2,500,000). On January 15, 1995, you document net unrealized gains on Publicly Traded and Marketable securities of \$200,000 and compute an increased limit of \$540,000 (20 percent of \$2,700,000). You now make an investment of \$540,000 in a Small Business. Nothing changes until the first business day of April, 1996, when you document net unrealized gains on Publicly Traded and Marketable securities of only \$120,000, a reduction of more than 30 percent. Your net unrealized gains remain at this level for the next 30 days. Your increased limit is now only \$524,000 (20 percent of \$2,620,000). By July 1, 1996, you must either increase Regulatory Capital by \$80,000 to restore your increased limit to \$540,000, or reduce your portfolio investment from \$540,000 to \$524,000.

**§ 107.750 Conditions for financing a change of ownership of a Small Business.**

You may finance a change of ownership of a Small Business only under the conditions set forth in this section.

(a) The Financing must:

(1) Promote the sound development or preserve the existence of the Small Business;

(2) Help create a Small Business as a result of a corporate divestiture; or

(3) Facilitate ownership in a Disadvantaged Business.

(b) The Resulting Concern (as defined in paragraph (c) of this section) must:

(1) Be a Small Business under § 107.700;

(2) Have 500 or fewer full-time equivalent employees; or meet one of the appropriate debt/equity ratio tests:

(i) If you have outstanding Leverage, the Resulting Concern's ratio of debt to equity must be no more than 5 to 1; or

(ii) If you have no outstanding Leverage, the Resulting Concern's ratio of debt to equity must be no more than 8 to 1.

(c) *Definitions.* (1) The "Resulting Concern" is determined by viewing the business as though the change of ownership had already occurred, giving effect to all contemplated financing, mergers, and acquisitions.

(2) For purposes of this section, "debt" means long-term debt, including contingent liabilities, but excluding accounts payable, operating leases, letters of credit, subordinated notes payable to the seller, any other liabilities approved for exclusion by SBA and short-term working capital loans (so long as the loans carry a zero balance for 30 consecutive days during the concern's fiscal year).

(3) For purposes of this section, "equity" means common and preferred stock (corporation), contributed capital (partnership), or membership interests (limited liability company).

**§ 107.760 How a change in size or activity of a Portfolio Concern affects the Licensee and the Portfolio Concern.**

(a) *Effect on Licensee of a change in size of a Portfolio Concern.* If a Portfolio Concern no longer qualifies as a Small Business you may keep your investment in the concern and:

(1) Subject to the overline limitations of § 107.740, you may provide additional Financing to the concern up to the time it makes a public offering of its securities.

(2) Even after the concern makes a public offering, you may exercise any stock options, warrants, or other rights to purchase Equity Securities which you acquired before the public offering,
